

Eliza Amanbaeva - Software Engineer

Email: eliza.amanbaeva@gmail.com	Personal Website: www.eliza.website
Address: Vancouver, BC, Canada	Phone: 672 513 4720
LinkedIn	GitHub

Creative Front-End Developer with 10 months of professional experience. I have solid knowledge of JavaScript, React.js, Node.js and Express.js. Firm believer in mobile-first approach and modern CSS techniques. I like to take ownership of the product and be proactive in creating user-centered UI/UX. Eager to face new challenges in a multi-tasking team.

Skills:		
HTML/CSS	Bootstrap/Reactstrap	Node.js/Express.js/NPM
JavaScript/ES6	Material-UI	AWS/Heroku/Firebase
ReactJS/Redux/Hooks	Sass/LESS	MongoDB/Strapi
C#	Figma	Git
Jest/Enzyme/Cypress	Jira/Trello	Agile/Scrum

Professional Experience

Software Engineer

OnSilkRoad, Greater Seattle Area, Washington

[Sep 2020 - Present]

- Developing React components for an e-commerce website
- Connecting React components for new Strapi API changes
- Participating in design and code reviews
- Integrating with third-party services and external APIs resulting in decrease of the system's complexity
- Identifying and communicating best practices for front-end engineering
- Working closely with UX designer and Product Manager to understand the end-client needs
- Developing high-performance reusable code for UI components
